We tend to stand at a gate patiently waiting, overshadowed by its grandiosity and solemn position, comparing our own size to its height in awe.

While we wait, we begin to imagine what experience it could hold for us beyond its landmark stature. That is where The Gate Towers deliver to our imagination.

Standing as Egypt's North gate, The Gate Towers introduces New Alamein City rightfully as an incomparably new experience Egypt hasn't seen before.

There's no better introduction to an uncompromisingly luxurious beginning.

The massive stance of the towers as grand gates to the Alamein City gives viewers a metaphorical thought about big opportunities and adventurous beginnings. They stand as the true gateway to the city, representing an icon that will be known for years to come.

The Gate Towers is made up of two podiums that open the scene to the spectacle of the city. The grand towers consist of 44 floors with a range of studios and four-bedroom apartments.

The two grand pinnacles stand on a 5-floor podium filled with amenities and services for the homeowners of the tower, spoiling them like the fanciest high-end hotel.

The architectural of the towers' composition has been crafted to create gorgeous wide angle sea views from every vantage point.

With an uncompromising aesthetic philosophy, the towers appeal to those with a taste for bold, unapologetic designs and cut clean modern finishings that are second to none.

Just visualize having a timid blue sea as a panoramic backdrop to your every day life, bordered by a glistening horizon.

The horizontal connection between the towers allows them to stand uniquely and seamlessly, uninterruptedly joining in the Alamein skyline.

The Gate Towers are truly the gateway to the New Alamein. Standing as two guardians split by a road that leads straight to the shore, the Gate Towers are a grand welcoming gesture, acting as the first entry point of the city to the Mediterranean Sea and Egypt's North border.
